

DRINKS & TASTINGS

Welcome to Australia's oldest registered distillery, the home of the 'Big Red Shed'.

THE BEGINNINGS - 1884

In 1865 a duo from England by the names of John Davy and Francis Gooding purchased 300 acres of land fronting the Albert River. They named the clearing after their old Devonshire farm, which was called Beenleigh.

Originally, they had intended to grow cotton on this land, but as fate would have it, a more lucrative alternative presented itself- sugar cane.

As legend would have it, around the same time, a man called James Stewart, known as 'The Bosun' was operating a floating sugar mill, aboard the S.S. Walrus, along the Albert and Logan Rivers. He soon found a productive use for the excess molasses he produced- making Rum on the sly.

One day in 1884 the SS Walrus washed ashore on our banks. No-one was aboard- except The Bosun's Copper Pot still. Beenleigh Artisan Distillery was born and is still standing 140 years later.

"Have you been mellowed?"

"Have you been mellowed?"

The Birth of the Sugar Industry and the S.S. Australis.

The original 30 acre township was settled by the Logan river about five miles from the town taking the first original sugar plant "beenleigh", named after "founding fathers" progeny by German Lutheran as it wasn't long before thirty mills were in full production. Naturally enough, it wasn't before the development of a cross river boat transport — hauling each harvest along Logan and Albert Rivers to various mills. One River Boat, the S.S. W made extra use of its steers. It had a complete moustache on board — which made a popular rum.
